Jun 2026 – Jul 2026

AsanCars

- Developed RESTful APIs for user authentication and ride management.
- Designed and managed MySQL database schemas.
- Implemented secure authentication and data validation.
- Integrated backend APIs with frontend applications.
- Tested APIs using Postman and Terminal.

### React Intern

Aug 2025 – Oct 2025

Webperts Digital Agency

- Developed CSSAWWWARDS, a full-stack website showcase platform.
- Built responsive React interfaces.
- Contributed to authentication, submissions, and voting features.
- Collaborated in a 3-member development team.

### Summer Intern

Jun 2024 – Oct 2024

NovaGenius

- Developed interactive sliders using JavaScript.
- Built responsive UI using Bootstrap and SASS.
- Improved maintainability through clean CSS architecture.

## Projects

---

### CSSAWWARDS

*React.js, Tailwind CSS, Vite, Git, GitHub*

- Built a platform for showcasing websites.
- Implemented authentication, voting, and submissions.
- Worked collaboratively in a team of three.

### Portfolio Website

*React.js, Tailwind CSS, Vite*

- Designed a responsive developer portfolio.
- Implemented reusable components and smooth navigation.
- Optimized page speed to under two seconds.

### Twitter (X) Clone

*HTML5, CSS3, JavaScript*

- Built a responsive Twitter clone.
- Achieved approximately 95% layout similarity.

### Quran & Hadith Website

*HTML5, CSS3, JavaScript*

- Developed an educational platform with search and filtering.
- Designed intuitive navigation and interactive UI.

### Memory Game

*HTML5, CSS3, JavaScript*

- Created an interactive memory card game.
- Added scoring, timer, and optimized game logic.

## Education

---

### Bachelor of Software Engineering

Mehran University of Engineering & Technology (MUET), Jamshoro

Dec 2022 – Present
